Mayor and Council
City Hall, Centennial Square
Victoria, B.C.

Dear Mayor and Council,

We understand that Council is determining priorities for this term and would like to impress upon you the need to make Safe Streets and Active Transportation a priority. As such, a substantial capital budget must be allotted to achieve the Safe Streets objectives, and there must also be a participatory neighbourhood approach to solving transportation challenges, supported by staff.

In order to achieve the most important goal - getting the residents of Victoria out of cars and onto sidewalks, bikes and buses - the top priorities are

- improving walkability and the pedestrian infrastructure
- improving cyclability and completing the cycling network.

Sincerely,

Janet Simpson, President
Rockland Neighbourhood Association
